Kanagawa Prefecture's qualifying matches for the Inter-High have finally begun. Mizuho's first opponent was Fujikura. The 6th new player, Takashima, played during the match, and they formed 1-1-3 zone defense! Mizuho's team didn't stop scoring points, allowing them to qualify for the semifinals!

Other teams such as Honmoku Higashi still have strong attack power. Ichi and Dobashi's previous school, Yochama Gakuen, is where Tetsuya currently attends. Showanda Sagami is still considered the strongest team.

All four teams qualified for the semifinals. And now, it is the final semifinal match between Mizuho and Honmoku.

Is this the destined match??
